FORTY SEVEN MORE ELECTORS VOTED IN SECOND PRIMARY THAN IN THE FIRST

Brown's Farm No Longer Operated As Farming Unit

Hillsboro Plantation Is Sold To Variety Of Ownerships For Use

Characteristically with reverberations of leadership in the recent manner, "The Peanut Farm," "Brown Farm" and more recently Hillsboro Plantation, retired from the vegetable production field in the Glades as a unit on Friday, May 23rd, in favor of smaller ownerships and operations, and from primarily vegetable farming to breeding turkeys and beef, fattening to kenaf and ramie fiber production, and to rice production—all three basic, staple and stabilizing as diversification of crops.

In the early days of Pop Lord's regime, potatoes, peanuts, celery, overhead sprinklers, turkeys, dance orchestras, baseball teams, mule teams, cattle floggers, twelve-row dusters, motor boats and barges, Brown's Farm was the leader agriculturally, socially, athletically and in the field of terpischorean activity and accomplishment.

Little Doc Van Landingham fingered and tooted the sax after a hard day's celery tending. C a s a r interspersed catch punching with a fancy piece of catching behind the ball; Sully Sullivan helped the scientists cogitate on bugs, disease, fertilizer, etc., "Kay" Jones hung a mean ball that most batters missed; J. B. and Leslie Jones enjoyed many a nap at the end of the long potato or peanut rows; Ned Demapholis tickled the ivories when farming did not interfere—all the while the acre was introduced into the new crop farming reached a leadership that the Glades still maintains and excels in.

Through the diversities of financial strain and the trough of "Hooverism" and on through World War II vegetable farming by tenants was indifferently practiced until Doner Estates, managing a group of trusts, bought the farm and embarked on an extensive water control program.

Beginning with some 2,800 acres of water-controlled land, Hillsboro Plantation encompassed 17,000 acres under firm water control through the expenditure of close to \$1,500,000 and ended up with a 2,000-acre mark of intensive vegetable cultivation.

As pioneers commercially in potatoes, celery, sugar-cane, ramie, rice and other crops as many of the present-day vegetables and practices of growing, the original 72,000-acre tract has made an indelible mark on the Glades and Glades progress.

Financial returns have amply justified the confidence in the enterprise in possibilities of utility of the muck lands around Lake Okeechobee—respect for the capital needed, the quantity and quality of produce, the returns to managerial ability and the challenge of problems in the effort to reap the benefits of Florida's climate, productivity of the muck lands and response (Continued on page four)

CANCER INFORMATION CENTER OPEN JUNE 5

The Cancer Information Center of the Palm Beach County Unit, American Cancer Society will be open in the Belle Glade City Hall, Thursday, June 5, from 1:00-3:00 p. m. A registered nurse will be in charge to serve anyone desiring information or literature. There is no charge for this service.

17 LOCAL INDUSTRIES TO REPORT JUNE 4th

Seventeen boys from the area are scheduled to leave June 4, in prediction of the annual Mrs. F. W. Quinn, clerk of the local board, reminds the industries they are to report at 9 o'clock sharp that morning for roll call.

The local draft board office will be closed all day today in observance of Memorial Day, she explained.

JAKE BOYD SUBSTITUTES CONCRETE FOR STEEL AND WOOD IN COUNTY BRIDGES

Construction of a new type material for use in county bridge work was authorized Monday by the county commission.

The commission adopted a plan submitted by County Engineer J. M. Boyd, whereby timber and steel will be replaced generally with concrete beams which can be constructed at the county maintenance headquarters.

Boyd told the commission that maintenance of many old county bridges which had been built from timber was becoming costly in that timber costs had spiraled to a point where it was no longer economical that they be used in bridge construction.

A shortage of steel, Boyd said, had reduced the feasibility of using that material for bridge construction. The engineer said that a suitable construction program could be worked out for county work with the use of pre-cast beams from concrete and he asked that a small pre-act project be authorized.

The work would be done by county crews and it would allow stockpiling of material for bridge work.

The concrete project, Boyd said, would eliminate a great deal of the expense that has been prevalent in county bridge work for many years.

Uniform Hours For Liquor Stores To Close In Glades

The County Commission made it unanimous in the Glades for a uniform closing schedule for liquor stores to comply with the City Ordinances of Palm Beach, Belle Glade and South Bay. This was done in compliance with the unanimous request of the three municipalities.

From Monday thru Friday stores may open at eight a. m. and must close by midnight. Saturday the stores may stay open 'til one a. m. Sunday morning.

The several Glades municipalities found that unless uniform hours are enforced there's much bootlegging within communities and considerable travelling from one to the other for late hour joy-riding. This arrangement is designed to give all a fair break for the legitimate business and force the drinkers to make arrangements ahead for late imbibing. It is also expected that late-hour racing of cars on the (Continued on Page 4)

CATTLEMAN'S FIELD DAY SCHEDULED BY EX. STA.

Plans are being made to hold a Cattleman's Field Day at the Everglades Experiment Station on June 25.

This will give the public an opportunity to observe the 50 steers in the spring feeding trial and hear reports on their performance. The activities will continue all day with a barbecue dinner.

Details of the program will be announced later.

NEWS OF GLADES BOYS AND GIRLS IN THE SERVICE

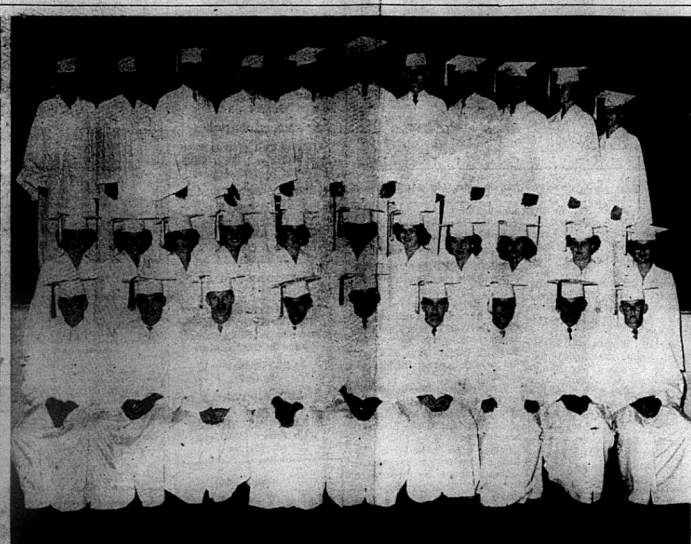

don, Connecticut for a visit with friends and relatives, respectively parents, Mr. and Mrs. T. L. Driggers, South Bay, and Mrs. Mollie Stacey Belle Glade.

Driggers is completing his third year's service with the U. S. Navy. His first two were spent with the Navy Air Corp and last July he transferred to the Submarine division, New London, where the young couple has resided since their marriage last fall, is the home port of his ship, the U. S. S. Halfback.

Prior to his Navy service, Driggers served three years with the Army Air Corp and was stationed most of that time in the Guan and Japan areas.

James Howard Woodham, stationed at Hunter Air Force Base, Savannah, Georgia recently received a Sergeant rating, according to word received by (Continued on page 4)

Belle Glade senior graduates of 1952, pictured above, who received their diplomas at Commencement exercises last Friday night: bottom row, left to right: Johnny Price, Joe Revels, Buddy Cox, Kenneth Simmons, Joe Leavitt, Jerry Barry, Jack Kuleber, Alvin Garrett, and A. J. Harrell. Second row, left to right: Jackie Royals, Bettie Jean Harris, Catherine Friedhelm, Erma Stein, Mary Burke, Donna Norris, Marianne Womack, Jeannette Hobby, Neda Crawford, Betty Hall and Bonnie Williams. Third row, left to right: Ethel M. Bair, Jacqueline Miller, Don Aunapu, Norman Austin, John Austin, John Finley, Bobbie Hooker, Brian Manning, Belvie Mobley, Willard Jones, Jeanne Tedder and Ola Messer. Ann Baldwin, who was not present when the photo was made and Virginia Pitts who recently moved to Tampa also were awarded diplomas.

Fifty Two Buyers Bid Up To \$29.25 On Grass Fat, Steers, And \$36 On Calves

One 500 pound grass fat steer brought \$29.25 and stocker calves grading good reached \$36.75 on the Monday sale at the local Livestock Market Auction.

Prof. Speer and G. N. Rhodes gave professional reporting by grades at this week's sale, as follows:

Slaughter Cattle
Steers—Utility, 23.50-26.50; Cutter, 18.25-24.00.
Calves—Commercial, 30.00-35.00; Utility, 24.75-25.00; Culls, 23.00.

SHORTY DRAA GIVES REPORT ON LIONS STATE CONVENTION

H. V. (Shorty) Draa, along with Sam Carter and Emmett Roberts attended the State Convention of District 35-S at Daytona beach over the week end and brought back glowing reports of the activities of the organization during that year.

Dr. Milo W. Bennett, District Governor, Belle Glade came in third in District competition, just behind second place Coral Gables.

The district was responsible for 772 pints of blood out of the total for the state of 1105 pints. Reports were heard of the activities of the Lions in eye glass examinations, surgical and medical operations, financed through them.

Governor Bennett reported that there are 189 clubs in Lions with 14 of them international, and the total membership is 8529.

This action is in line with general practice in Florida and will allow merchants and employees an opportunity to go fishing, sleep or cut the lawn.

The rule will be followed until September 1st.

LIEUT. EMMETT ROBERTS ATTENDS GENERAL STAFF SCHOOL AT LEAVENWORTH

As Assistant S-3 of the 318th Logistical Command, Lieutenant Emmett S. Roberts, USAR will attend the General Staff and Command School for fifteen days, beginning June 1, at Fort Leavenworth.

Mrs. Roberts and daughter, Anna will accompany the Lieutenant to Sedalia, Mo., where they will visit her brother, Mr. J. S. Geer, while Papa is studying among the "Wheels and Brass" of Uncle Sam's Army. Only the upper crust and specially selected have the opportunity to sit at the feet of the great of the Command and Staff. While the mental gymnastics of logistics in modern armies is the

DR. ALLISON IN MANILA ON FIBER INSPECTION

Dr. R. V. Allison, vice director in charge of the Everglades Experiment Station left the first of the week for New York, the first stop on a trip by plane which took him to the Philippines.

He left New York shortly after noon on Tuesday and with only brief stops in San Francisco, Honolulu and Guam expected to arrive in Manila in about 38 hours from the time of departure.

Dr. Allison's trip which is to be of three weeks' duration is being made especially for an inspection of the work with soft fiber (kenaf and ramie) crops which is getting quite well underway in the island. He expects to return to his duties at the station about June 20 or 21.

During his absence Dr. E. E. Forsee will be in charge of the Station activities.

WEED KILLERS TO BE DISCUSSED ON WSWN

Everglades Experiment Station staff members, Victor L. Guzman and Frank V. Stevenson will discuss herbicides on the station's regular program at 11:15 a. m. tomorrow on station WSWN.

The results of newer weed killers successfully used in recent experiments should be of interest to local farmers.

Two Most Radical Changes In This Country Says '27 Resident On Visit Here

R. V. Freeman, Party Chief on surveying crews with John Pickett, returned from the 26 and 27, visiting the Glades over the week end, when asked what changes are most noticeable, replied, "Well, there are only two changes and that is the old Louisiana here and I saw Lamar Johnson with a shirt and tie on."

"This corner"—meaning the filling station at the southeast corner of the Canal and South Main Street—"the old post office building and the old Louisiana here and I saw Lamar Johnson with a shirt and tie on."

"In those days, the only time I ever saw Lamar Johnson with a pair of pants, a hat and tie on."

ELKS BARBECUE IS ENJOYED BY LADIES OF THE LOCAL CLUB

More than a hundred Elks joined their wives Saturday night in lauding the culinary efforts of Ray Whitlock and his corps of helpers for the chicken and rib barbecue.

Sweet corn, still a late spring money-maker for the Glades, was served "fresh hot" and buttered, just a few hours from the stalk. Many got in line for seconds on the pretext of the wife's wanting "just another small piece" of barbecued chicken or ribs, while some disregarded this finesse with good old hungry-like honest confession.

Lester Clark, Entertainment Committee Chairman, who "ram-rodded" the affair was given a vote of thanks Monday night at the regular meeting.

AUXILIARY COMMITTEE TO DECORATE NEW CLUB ROOMS FOR LEGION

The local Legion Auxiliary has appointed three of its members as a Committee to decorate the new club rooms now being built by the Legion in one end of the Legion Hall.

The Committee will begin immediately selecting the draperies, furniture and other items to be installed so that an early opening may be had.

The Committee is Mrs. Sylvia Jones, Mrs. George Tedder and Mrs. Lucy Gregory.

Belle Glade Voted 1293 To 1267; Chosen 229 To 220 South Bay 215 Against 210

ADAMS HAD 'EM ODHAM SHOWED 'EM BELLE GLADE SLOWED 'EM WITH "DAN'S THE MAN" PRESCOTT WINS IN ALL FIVE LOCAL PRECINCTS

Two other candidates of the first primary in this race received a total of 474 votes, and in the second primary 47 more people voted in this race than the first, making a total of 521 votes to be divided between Prescott and Whitlock.

Prescott received 356 of this total while Whitlock received only 165, and therein lies the difference.

The following is the vote for Constable in District eight:

Prescott	152	77
Whitlock	38	378
38-A	162	146
39	114	101
40	72	57
Total	1,107	759

LAW STUDENT NOMINATED FOR OUTSTANDING AWARD

George VanHillsheimer, law student at the University of Miami, son of Mrs. Ruth Peebles City, has been nominated as a candidate for the Mae Bernice Jacobs Most Outstanding Freshman award. The choice will be made at a later date.

WASHINGTON NEWS LETTER

From
WASHINGTON—Because of my experience in the south Pacific in World War II, I think I know something of the gulf between the people here at home and our fighting forces in far off Korea.

This was brought home to me the other day as I sat in a conference with General Matthew Ridgway and heard him tell Senator Richard Russell and other members of the Senate Armed Services Committee about what is happening in Far East.

Many of us have been quite disturbed by the apparent manner in which some of our generals have been tricked into along two.

Lake Harbor Had Four First Primary Voters Absent, While Negroes Increased 32

When Florida political history is written, Brailey Odham will be given credit for revolutionizing political campaign methods both as to physical and audible contact with voters and effective method of raising campaign funds—both most effective.

Practically a political unknown and with no apparent financial "angel," the Sanford oil distributor could be the worst "talkathon" and converted the phrase "Dollars For Decey" into the most effective self-supporting political campaign ever known in the first primary and used the catchy "Odham Showed Em" idea to garner enough votes in the second primary to stymie the old-time Florida politicians.

He ended the campaign with a drawing "Howdy Folks" and the "Cracker" straight-from-the-shoulder conversational tune of congratulation Dan and pledges his unstinted support for a "better Florida."

The Glades, Palm Beach County, and Southeast Florida may well rear back this week and say "Well, we done it!" for Palm Beach County is exceeded only by Dan's native County, St. Lucie, in percentages of majority vote in the column.

38-A of Belle Glade ranks high in percentage of votes cast for Don, too.

The big counties which have generally run Florida politics heretofore—Duval, Hillsboro, Pinellas, Imperial Park and Orange—today are in the wrong column; the coastal and south-east Florida counties are proudly pointing to the majorities given Dan, and rightfully so.

The miles of beautiful high-land in north Florida is in exact opposite ratio to the automobiles there and the same comparison with automobiles in South Florida; we still have the Seminoles in South Florida but we've dispossessed them and have joined the State of Florida. Probably Tallahassee and north Florida will concede our rights and desirability and the same comparison for other purposes than paying their taxes with our racing, gas, liquor, sales tax and other income producing activities.

Pro Joe Ziemann says the face of the ball should be washed and the whole idled up in preparation for the spring and summer golfers.

The teen-age dance was called off last Friday night in deference to the group of young ladies and men who were going through the formality of life's "Commencement," at the local high school.

The Rainbow group will be tripping the light fantastic to night so the teen-age dance is again delayed.

Our girls were trimmed by Lake Worth last Monday despite Edith Van's low score of 89 which is good shootin'. The score was 28 to 30 for the Lake Worth girls came out with "bleed in the eye" and whacked the local girls down.

West Palm won the trophy over Lake Worth by 25 points for the season's tournament.

Louise McWhorter and Kathryn Weeks won the local club match using club handicaps.

Joe says the recent rains are making the grass grow both on the greens and the fairways. get the old bag (club bag) and come on out; talk to the "Sweet Pie" and get her to come along too.

PRODUCTION FOR FREEDOM

A nationwide salute to the production miracles of America, which have made this country the bastion of the free world, will be given this fall.

This will show how the outpouring of materials from farms, factories, mills and mines under the American free enterprise system has made our country a world leader. It will highlight the great strides made by agriculture and industry since 1945.

The activities will be carried out under the banner of Production for Freedom, and they will center around the week of September 7-13.

With agriculture and industry hitting new production goals, it will be a startling story that every community has to tell.

The program has the endorsement of the Chamber of Commerce of the United States. The Chamber told its local groups: "Production for Freedom Week is designed to promote economic understanding... a better appreciation of the role of your business firms in the unique American system of Production for Freedom."

Since the availability of electric power has been a major factor in making this production possible, the electric theme will run as a current through the activities. Power use by manufacturers has increased 100 per cent since 1940. The United States, with less than seven per cent of the world's population, produces one-third of the world's goods. The American worker uses an average of 14,000 kilowatts of electric power a year to do his job; the equivalent of having 210 other men as helpers.

Every type of industry will participate in some form to tell the dramatic story of America's production might.

LOANS AVAILABLE TO
PBC FARMERS FOR
STORAGE FACILITIES

Loans are available to eligible farmers in this county, for erecting facilities for storage on the farm, according to an announcement received this week from J. W. Strickland, County PMA administration officer.

Eligible farmers are tenants, landowner, owner-operator, or partnership of producers. Loans will also be available to landowners who rent their land on a cash rental basis.

Loans may be obtained for constructing storage facilities for storing corn, grain, sorghum, soy beans, rice, peanuts, and pasture grass.

The storage facility must be an approved movable structure, and must be needed for storage of commodities in which the borrower has an interest.

The loans are obtained from the Commodity Credit Corporation for a maximum term of approximately five years, payable in equal annual principle payments. The maximum amount of the loan shall be 85 per cent of the cost of the building, or 45c per bushel of the rated capacity, whichever is less, and will bear interest at rate of four per cent per annum.

June 30, 1952 is the final date for accepting applications for these loans, and are being handled by the Palm Beach County Production and Marketing Administration. For further information and applications may be had at the PMA County Agents Office, Sanders Building, Belle Glade.

Eligible farmers are tenants, landowner, owner-operator, or partnership of producers. Loans will also be available to landowners who rent their land on a cash rental basis.

POLIO PLEDGE
With the advent of summer, the Palm Beach County Polio Assn. has released the following Polio Pledge.

The Pledge is one of valuable information regarding what to do as a precaution, and also; event polio does strike in the community.

I WILL REMEMBER TO
Let my children continue to play and with their usual companions. They have already been exposed to whatever polio may be in that group, and they may have developed immunity (protection) against it.

Teach my children to scrub their hands before putting food in their mouths. Polio virus may be carried by the body through the mouth.

See that my children never use anybody else's towels, washcloths or dirty drinking glasses, dishes and tableware. Polio may be carried by these items.

Follow my doctor's advice about nose and throat operations, inoculations, or teeth extractions during the polio season.

Be ever watchful for signs of polio: headache, fever, sore throat, upset stomach, tenderness and stiffness of the neck and back.

Call my doctor at once and, in meantime, put to bed and away from other members of my family showing such symptoms.

I WILL NOT
Allow my children to mingle with strangers, especially in crowds, or go into homes other than their own circle. There are three different viruses that cause polio. My children's group may be immune to one of these. Strangers may carry another polio virus to which they are not immune.

I Will Come To My Community
Let my children be fascinated by children. Overtired or tired bodies are less able to fight off polio.

Take my children away from our community without good cause. Polio time is the time to stay at home and keep with everyday companions.

If Polio Strikes My Home

I WILL:
Have confidence in my doctor, knowing the earlier the care the better the chance for complete recovery.

LEGION AUXILIARY MEETS AT RALPH FREEMAN HOME
Mrs. Ralph Freeman was hostess at her home to members of the American Legion Auxiliary for their May meeting held last Monday night.

Mrs. Thelma Norris reported on the district meeting held recently at Pahokee at which the state president of the Auxiliary was present.

Plans were made for the rehabilitation work to be done this summer under the direction of Mrs. Sam Gregory.

The first work meeting was held Wednesday afternoon at the home of Mrs. Mabel Tedder.

Several women volunteered to serve as hostesses at the Bingo party to be held Monday night at the Pratt Hospital, Coral Gables, under the sponsorship of the local Legion post.

Mr. J. B. Jones told the women of plans now underway for an Auxiliary room to be made at one end of the Legion building.

Refreshments were served by the hostess at the conclusion of the meeting.

CAMP EXPERIENCE IS BENEFICIAL TO 4-H CLUB MEMBERS
Summer 4-H camp is a fine, wholesome experience for the hundreds of rural boys and girls who attend each year. They are selected by their county and home demonstration agents to attend the camp.

Each week, from early June to August, 55 to 100 club members enter each of the camps for five days of healthful outdoor recreation. They swim and play sports, and they learn interesting things in which they are interested, make new friends, pledge allegiance to their flag and country, and hear inspirational talks by educational and agricultural leaders.

In camp they learn things that are useful to them in farming and homemaking. They engage in healthy physical activities, and, in addition, they receive very valuable benefits from fellowship with others that will influence the development of their characters. They learn how to cooperate with others, they receive from the spirit of the camp a keener appreciation of their work and their future responsibilities as men and women and citizens of America.

Physically, mentally, and spiritually the 4-H club members benefit from their short stays at summer camp. In the years to come they will recall with pleasure their experiences, associations, and inspirations at camp, and they will recognize them for their full and lasting value.

Social Happenings

Mrs. James D. Goggins and infant son, Gary James, left Sunday night for a visit with her mother, Mrs. Chester Painter in Mt. Pleasant, Pennsylvania. Miss Lois Bell of Belle Glade Memorial Hospital nursing staff, left on the same plane from Miami for Mr. Pleasant to spend the summer with her parents.

Miss Dorothy Kidder will leave for Lakeland next Sunday where she will visit with her sister, Miss Mary Eleanor Kidder.

Mr. John Randolph of the Everglades Experiment Station Staff has returned from a week's visit to Guatemala.

Mr. and Mrs. DeWitt Knox of

NEWS VIEWS

E. D. By

You know there have been a number of books and articles in recent years about the behavior of children especially. Now the latest is a large book by a psychologist let's it of the air out of the balloon by saying that there never has been a good substitute for mother love. It produced some mighty good Americans long before child psychologists got into the act. The selections may not be straight teeth and remove warts but what is the point of handling youngsters there nothing to take the place of natural affection and parental guidance. You can't give a normal kid in a laboratory.

At the Glades Drug Store, the delicacies are delicious, the cream is good, the fruit is good for the heart, the child relationship is good, the health is good, the days in air-conditioned comfort, the GLADES DRUG STORE. You'll find it will take the edge off frayed dispositions and keep everyone happy.

Plate Lunches and a variety of sandwiches and salads are on their daily menu and the prices are reasonable. The Southwestern, Fla. Morning News printed a column about the wonder if they wanted to sweeten their new, and they expect to have to eat their words.

Mr. and Mrs. T. H. Waldron, Sr. and son, Calvin of Arcadia spent the week end as guests of the Rev. and Mrs. P. E. Nelson.

West Palm Beach spent Saturday night and Sunday as guests of Mr. and Mrs. Luther Jones.

Friends of Mr. William Schefler will be sorry to learn he has been a patient at the local hospital for the past week.

Miss Kaleah Vanderwater spent last week end as a guest of Miss Donna Jean Norris and family. Miss Norris and Miss Jackie Royals accompanied Miss Vanderwater back to Florida Southern on Sunday returning to Belle Glade Monday. Miss Marianne Womack returned with Miss Norris and Miss Royals from Southern.

Pfc. and Mrs. Thomas H. Waldron, Jr., and infant son, Ronald Edward of Ft. Hancock, N. J. spent last week with Mrs. Waldron's parents, the Rev. and Mrs. P. E. Nelson and the maternal great grandmother, Mrs. Daisy Myers of Belle Glade. While here the infant was baptized by his grandfather, Rev. Nelson of the Church of the Nazarene at the Sunday morning service.

The refreshment table was covered with a Mexican cutwork cloth. At either end of the punch bowl entwined with verbenas and fern. The setting was completed by pink tapers in silver candle holders. The motifs of pink and white were carried out both in the punch and the cake. Presiding over the punch bowl was Mrs. John Murray, Belle Glade. The guest book was kept by Mrs. Paige Choute of Belle Glade, sister of the bride-elect.

Guests included Mrs. Ruth Beck, Mrs. M. M. Sabiston, Mrs. Clarence Kidder, Mrs. Fenton Hollingsworth, Mrs. May Taylor, Mrs. George Rawl, Mrs. Ben Gamble, Miss Nancy Barwick, Mrs. H. M. Taylor, Mrs. C. A. Bailey, Mrs. D. R. Kemper, Mrs. Ed Mikosky, Mrs. Francis Cross, Mrs. D. W. Harris, Mrs. C. L. McCord, Mrs. V. L. Jones, Mrs. E. Jones, Mrs. Frank Stevenson, Mrs. Ed Murphy, Mrs. C. D. McClure, Mrs. George Farnell, Mrs. Alma Hyatt, Mrs. Elnette Acres, Mrs. Curtis Thompson, Mrs. Howard Payne, Mrs. E. M. Lively, Mrs. Harry Peters, Miss Lily, Mrs. R. W. Kidd, Mrs. Miss Dorothy Kidder, Mrs. Roy A. Bath, Mrs. Sara Ellis, Mrs. John Murray, Mrs. F. C. Markham, Mrs. Frankie Farmer, Mrs. Goldie Bresler.

MRS. DON WEEKS IS HONORED AT SHOWER

A stork shower honoring Mrs. Don Weeks was held by the women of the Baptist Church, Tuesday night in the reception hall of the church.

Keeping the guest book at the door was Mrs. E. D. Humphries. Then the guest of honor entered she was presented with a sweet

pea corsage in pastel shades which was fashioned by Mrs. Luther Jones.

Musical selections offered by Mrs. W. C. Bamford included the Brahms' Lullaby, M. F. R.

Elmer Oskings entertained at the piano with Kammen-O-F-R by A. Rubinstein and the Valse Caprice by R. A. Newland.

A reading entitled "The Baby" was given by Sandra Gove following which Mrs. William Thibaud sang "Mighty Lak" A. Rose" and paraphrased the "Indian Love Call."

The decorating of the room was done by Mr. W. L. Cunningham and Mrs. Wade Griffin.

One setting depicted a stork standing in a flower bed just ready to take off with a baby. The top of the piano was decorated as a flower garden in which was sleeping a baby.

The numerous gifts were presented to Mrs. Weeks in a play-

ful manner. Included a basket stroller and a bathrobe as well as clothing. Assisting in the opening of the gifts were Mrs. Aubrey Davis and Mrs. William Thibaud.

Mrs. Thibaud, sister-in-law of the bride, kept the baby gift book.

The tea table decorated with pastel flowers and candles featured two punch bowls over which Mrs. W. E. Schlechter and Mrs. Chris Figueroa presided.

In addition to punch, cake, minis and nuts were served. Assisting were Mrs. Vernon Jones, Mrs. Marvin Unwin, Mrs. Roy Litchfield and others.

Later in the evening the Rev. Wade H. Griffin and Mr. Don Weeks joined the large gathering of women.

KENT HOME IS SCENE OF FAMILY REUNION

The home of Mr. and Mrs. S. Kent is the scene of a family reunion this week. Pfc. and Mrs. Rodney Connell, who have been stationed at Denver, Colorado are here, visiting both with the Kents and Mrs. G. C. Connell of Pahokee. After the fourth of June Pfc. Connell will be stationed at Morrison Field, West Palm Beach.

POPULAR YOUNG COUPLE MARRIED LAST FRIDAY

A high school romance culminated in marriage for Miss Anne Elizabeth Baldwin, daughter of Mr. and Mrs. James A. Baldwin, when she became the bride last Friday night of Mr. Joe Leavitt, son of Mr. and Mrs. M. F. Coleman.

The double ring ceremony took place in the Methodist Parsonage at 7 p. m. with the Rev. E. L. Holladay, pastor of the church officiating.

The bride was attired in a beige faille suit and wore Navy blue accessories. Her corsage was of yellow roses.

Mrs. Baldwin served as her daughter's attendant. She wore Navy blue gown and black accessories. A beige hat and low rose corsage completed her costume.

Mr. Coleman was his son's best man. Eight-year-old Cary Baldwin, brother of the bride held the ring.

In addition to the parents of the couple also present were Mr. and Mrs. Cary B. Horne of Pahokee, maternal grandparents of the bride. Mrs. Horne and Mrs. Coleman wore white carnation corsages.

Following the wedding ceremony Mr. and Mrs. Leavitt attended graduation exercises at the Belle Glade High School where their marriage was announced by Mr. F. O. Hobson, principal of the school as he presented them with their diplomas.

Following a brief honeymoon spent at Key West the young couple are now at home in Belle Glade.

BETA SIGMA SORORITY MEETS AT CROSS HOME

Mrs. Francis Cross opened her home Thursday night, May 22, to members of the Beta Sigma Phi sorority. Serving as co-hostesses with her was Mrs. Tom Bowers.

Members were asked to donate to the Armed Forces Blood Bank day held yesterday at the American Legion Hall.

Guest speaker of the evening was Mrs. Luther Jones who spoke on flower arrangements in London, England.

At the conclusion of the meeting the hostesses served refreshments to Mrs. F. C. Anderson, Mrs. Tom Chavell, Mrs. Clyde Clayton, Mrs. Vernon Dexter, Mrs. W. A. Wooten, Mrs. Dock Raper, Mrs. Louise Kirchman, Mrs. Earl A. Lindner, Mrs. O. G. McWhorter, Mrs. J. N. Paff and Mrs. Paige Choate.

BIRTH ANNOUNCEMENT

Mr. and Mrs. Row W. Jenkins announce the birth of a son, Roe Welles Jenkins, May 19, at Everglades Memorial Hospital.

The mother is the former Bertha Nell Willis and this is the second child.

Mr. and Mrs. Grady Smith, Jr. of Atlanta, Ga. announce the birth of a daughter, Deborah Smith, at a hospital there May 20. Mr. and Mrs. Leo Wooten of Pahokee are the maternal

Poinsettia plants also make an

attractive medium height hedge, and add to the beauty of a home if planted in groups or in a row near the building. At Christmas a potted one in bloom is a welcome gift.

The blooms will not wilt for several days if, when cut, all open or bruised areas on the leaves or stems are sealed with a flame or put into boiling water for a few minutes and no further bruising occurs.

GARDEN CLUB PLANS DISTRICT CONFERENCE

The Annual President's Spring Conference of the 6th District of the Garden Club Federation will take place Monday at the Country Club. The Belle Glade and Pahokee-Canal Mini Clubs will be hostesses for this all important meeting. Mrs. Frank Friend of Pahokee and Mrs. Clarence Aspy of Belle Glade are serving as co-chairmen.

Registration will begin at 9:30 a. m. and the business meeting will follow at 10 a. m. Dinner will be served after the morning session.

Out-of-town guests who have already indicated they will attend include the immediate past president of the state federation Miss Mary Compton of Orlando and the first vice president, Mrs. Eugene A. Smith of Ft. Lauderdale.

Due to the large number of out-of-town members expected to attend the luncheon will be able to attend from the local area clubs.

Special state and federal taxes on the average motor vehicle in Florida this year will total \$116.

Hot Weather Desserts

That hot weatherman is best to show his face again. So cherries. Serve raspberries. If de- take time out to collect new recipes and ideas for the family's favorite -ice cream. And whether you buy or make this refreshing dessert, serve it frequently with one or more of the following good sauces.

Chocolate Sauce

1 cup sugar

1 cup light cream

1 cup dark corn syrup

1 cup light cream

2 tablespoons butter or margarine

1 teaspoon vanilla

Combine first five ingredients in a saucepan. Cook over medium heat, stirring constantly, until mixture comes to a full rolling boil. Boil 5 minutes, stirring occasionally. Remove from heat. Stir in vanilla. Place in chilled bowl and freeze in refrigerator. To reheat, place in double boiler and heat until thin enough to pour. Makes 1 cup.

For variety, make this delicious, easy-to-prepare ice cream.

Marshmallow Sauce

1 cup light corn syrup

1/2 teaspoon salt

1/2 cup sugar

1/2 cup lemon juice

2 egg whites (2 cups) apricot nectar

Place syrup in small saucepan. Bring to a boil over medium heat. Cook to 245° F. or until small amount of syrup will string when pulled. Add salt and egg whites. Beat with stiff but not dry. Continue beating until mixture is firm. Add vanilla and beat about one minute. Add lemon juice and beat until firm. If sauce thickens too much or breaks it up with a little hot water. Makes 1 cup.

Fresh Fruit Sundae Sauce

Combine 1/2 to 3/4 cup light corn syrup and 1/2 cup fresh, crushed strawberries or raspberries, diced.

grapefruits and Mr. and Mrs. Grady Smith, Sr. of Belle Glade, the paternal grandparents.

The Gardener's Corner

Editors Note - Belle Glade has a group of some forty-one ladies who have made a name for themselves around the clubs of Florida as doers; they are the official flower clubbers of the state.

It is interesting that this well known organization is so new. It is interesting that this well known organization is so new.

By Mrs. Harold E. Reidel

In Florida we can have for the wishing, plus some honest sweat and effort, blooms of the Poinsettia, or Christmas flower.

It is otherwise known as Euphorbia pulcherrima and it is interesting that this well known organization is so new.

The Poinsettia is well adapted to the glades soil as long as it is planted sufficiently high to avoid damage by water. Several light applications of a general purpose fertilizer are of benefit instead of one or two heavy applications. After the Fall rains an analyses high in phosphoric acid and potash is advisable.

Your plants may be cut back in March or April and these cuttings will root easily. They will root if set out in the mud, but mixtures of sand, peat or vermiculite are most satisfactory. It is well to remember that a Poinsettia cutting will frequently produce a bumper crop of foliage before its root system is sufficiently developed to permit transplanting.

By the end of summer in the glades your plants will again need trimming, and this can be done in August or September. It is important because of wind hazards this rule cannot always be followed. However, it can be advised to trim in September, just before an expected "blow" of hurricanes permitting these cuttings will also grow.

Green worms will infest the foliage and blooms at certain times; these can be picked off or dusted or sprayed with Chlor-dane.

A single plant can be grown in a sheltered spot and after a few years, if well supported for instance by wires between porch pillars, it will become as high as a low roofed house and produce many blooms. As a plant becomes old in years it will be noticed that its blooms will not always be ready for Christmas decorating, or your Christmas dinner table centerpiece, if it has been severely damaged by a Fall hurricane; in its prime it probably kept that schedule in spite of hurricanes but with age loses its ability to snap back.

Poinsettia plants also make an

The Annual President's Spring Conference of the 6th District of the Garden Club Federation will take place Monday at the Country Club. The Belle Glade and Pahokee-Canal Mini Clubs will be hostesses for this all important meeting. Mrs. Frank Friend of Pahokee and Mrs. Clarence Aspy of Belle Glade are serving as co-chairmen.

Registration will begin at 9:30 a. m. and the business meeting will follow at 10 a. m. Dinner will be served after the morning session.

Out-of-town guests who have already indicated they will attend include the immediate past president of the state federation Miss Mary Compton of Orlando and the first vice president, Mrs. Eugene A. Smith of Ft. Lauderdale.

Due to the large number of out-of-town members expected to attend the luncheon will be able to attend from the local area clubs.

Special state and federal taxes on the average motor vehicle in Florida this year will total \$116.

PARTY COMPLIMENTS MISS LYNN MATTHEWS

A farewell party honoring Lynne Mathews, who left with her parents for Louisiana last week, was held recently at the home of Arlyce Bedsole. Serving with Miss Bedsole as co-hostesses were Betty Norman and Carolyn Schofield.

Games were played by the guests and presents opened by the honoree.

The refreshments table was attractively decorated with an arrangement of bougainvillea, Potato chips, ice cream, cupcakes and lemonade were served by Mrs. Malcolm Bedsole and the hostesses.

Guests present included Frances Mathews, Carol and Barbara Hughes, Beverly Baker and Nancy Bass.

SERVICE (Continued from Page 1) friends here. Congratulations, Howard! We're proud of and for you!

Sgt. Ray S. Kent of Colorado Springs is home on furlough and will return to his base in mid-June.

Recent guests of Mr. and Mrs. W. R. McClatchey were Pvt. William I. McClatchey and his wife, Pvt. McClatchey recently finished studies at the drafting school, Ft. Belvoir, Va., and is now stationed at Ft. Myer near Washington, D. C. Mrs. McClatchey will be remembered as the former Charlotte Enlow of this Plant City.

Speeding on U. S. streets and highways last year killed 13,730 men, women and children.

Any Type of Hand and Power LAWN MOWER Sharpened the factory way

Bring in your lawn mower and have it sharpened on our precision machine. All work done quickly and accurately. Your mower will cut like new. A few minutes here will save you a lot in the sun.

BIRTH ANNOUNCEMENT Mr. and Mrs. Herbert Feebleman announce the birth of a son May 26, Belle Glade Memorial Hospital. The mother is the former Violet Cowan.

Miss Paulette Blank, former associate editor of the Herald, and now working with former Advertising Agency in West Palm Beach, visited with friends in Belle Glade election day.

Florida's farm forestry program is supervised by the Florida Forest Service in cooperation with the U. S. Forest Service and various county governments.

Three Stalwart Advocates Of Water Control

For its protection.

Mr. McConnell's engineering background and study of the Glades enabled him to grasp enthusiastically the possibilities of agriculture, and especially cattle, with proper water control.

In addition to bringing the Senator to his farm for a look-see, Mr. McConnell has employed outstanding engineers to make an impartial survey and write a report on agricultural possibilities of the muck, backed by facts and figures.

The combination of science, enthusiasm and intelligent farmer study and legislative interest will hasten a fuller conversion to man's use of Florida sun, climate and muck soils.

Dr. Allison is the fountainhead of present general knowledge of muck soils and an energetic proponent of soil practices for its protection.

Members of the Star Circle met Tuesday night at the home of Mrs. S. K. Smith, Jr. Mrs. Herbert Chapman served as emcee.

The group continued its study on the Book of Acts under the supervision of Mrs. Culley Collins.

Present at this last meeting of the church were Mrs. Douglas Thompson, Mrs. Guy Wood, Mrs. Herman Close, Mrs. Joyce Doolittle, Mrs. Culley Collins, Mrs. Edward Gangstad, Mrs. Malcolm Bedsole, Mrs. Clarence Kidder, Mrs. E. L. Holladay and Mrs. William Carter.

The Joy Circle met the same night at the church.

Mrs. Urban Felsing gave the devotional choosing as her topic "Our Need For Quietness."

Mrs. Betty Berrill finished the study of the Book of Acts.

Mrs. R. V. Allison served refreshments to members present.

Takes on the average motor vehicle and the gasoline it used last year added up to more than the typical motorist paid in federal income taxes.

AUTHORIZATION GIVEN FOR REMOVAL OF ALL EVERGLADE DD TAXES

The Everglades Drainage District Board met Thursday morning regularly and gave formal substance to the assessment of taxes for the year '52 which is the final one for the District.

The Legislature by Act has dissolved the district as of 1952 for purposes of taxes.

The adoption of the budget was also effected.

TWO MOST RADICAL

(Continued from Page 1) in what is at present the barber shop.

"In laying out the Pahokee road, we left Belle Glade by ankle express at six thirty in order to arrive at the job by ten; we left at two so that we could get to civilization by dark," said Mr. Freeman.

"Remember the time, John, we rescued the school children from high water?" The school house at that time was where the Woman's Club and the park now are located. There were about eight pupils in the school at the time.

When asked to confirm the old tale about "catching fish at night" in a boat by placing a lantern in the bow" Mr. Freeman's answer was "Sure, that's right." About that time Joe Freeman walked into the office and when asked to confirm the story about the fish, he said, "Sure, the only thing is the Old Man wasn't fishing; he was trying to get home and had to douse the light to keep the fish that jumped into the boat from sinking him."

Louis Creach lived at the end of the road with a foot-log across the canal out here to get to his house. This was a house located where the present Catholic Church was built.

GLADES LIVESTOCK MARKET TOPS SALES

"Thirteen livestock sales centers reported a total of 6,052 head of cattle and hogs and miscellaneous items of 8 horses, 1 dog, 1 goat and 1 colt sold during the past weekly sales period with five of the markets reporting gross sales of \$131,827.26," according to reports received by William L. Wilson, Director of State Markets, Winter Haven.

Summaries of individual markets follow:

Aracadia State Livestock Market, sale of May 21, 344 cattle, 10 hogs, 1 dog; Belle Glade, Glades Livestock Market, May 19, 450 cattle, \$50,771.22; DeFuniak Springs, Walton

HOSPITAL NEWS NOTES

Mrs. A. B. McCormick had the misfortune to slip on the concrete steps of her home on Palm Beach Road, injuring her back, and was hospitalized for treatment from Tuesday to Thursday at the local hospital.

Mrs. John Bass entered the Belle Glade Hospital May 24, for medical treatment. Others confined for medical treatment at the hospital this week are Mrs. Lloyd Ayres and Mrs. Paul Dillo.

Mrs. Floyd Markham was admitted May 28th for surgery.

County State Livestock Market, May 15, 25 cattle, 152 hogs, \$4,728.97.

Gainesville Livestock Market, May 19, 474 cattle, 730 hogs; Jay State Livestock Market, May 20, 48 cattle, 813 hogs, \$17,543.52; Kissimmee Livestock Market, May 21, 347 cattle, 20 hogs, \$32,738.38; Lake City, Columbia Livestock Market, May 22, 37 cattle, 55 hogs; Lake land, Cattlemen's Livestock Auction Market, May 20, 334 cattle, 488 hogs, 1 goat; Live Oak, J. D. Odom's Livestock Palace, May 21, 212 cattle, 325 hogs.

Okeechobee Livestock Market, May 20, 498 cattle, 1 colt; Orlando, Orange County Livestock Market, May 22, 415 cattle, 74 hogs, 8 horses; Tampa, Hillsborough Livestock Market, May 19, 238 cattle, 32 hogs, \$25,848.97; Wauchula, Hardee County Livestock Auction Market, May 22, 551 cattle, 20 hogs.

Thank You My Friends . . .

Your Vote and Support in Tuesday's Election is greatly appreciated and demands my best efforts. I pledge to do my best to prove worthy of your trust in me.

appreciation day

On June 9th, at 2 p. m.

The Harold Rabin Company

will show their appreciation to the growers of the Glades Area for their business during the past season.

We will, at this time distribute to each grower twenty percent of the brokerage paid in by him to the Company.

This historic event will take place at the offices of the Packing House.

Please be present and bring as many members of your organization as you wish, and anyone else who may be interested.

The Harold Rabin Company

ENGINEER ELECTED PRES.

ROTARY INTERNATIONAL

H. J. Brunner of San Francisco, California, U.S.A., was elected President of Rotary International for 1952-53 at the 43rd annual convention of that world-wide service club organization, which completed its five-day session in Mexico City, Mexico last week. The convention registration of more than 8,000 Rotarians and guests represents 7,500 Rotary Clubs with a membership of 358,000 business and professional executives in 83 countries.

Mr. Brunner has served as President of the American Automobile Association, the California State Automobile Association, the Pacific Association of Consulting Engineers and the California Board of Registration for Civil Engineers. In 1940, he was named "The West's Outstanding Engineer" by the

United States Building Industry Conference Board. He is a member and Past President of the Rotary Club of San Francisco and has served Rotary International as Vice-President, District Governor and as committee chairman and member.

Elected to Rotary International's 1952-53 Board of Directors were Rodolfo Almeida Pinto, Montevideo, Uruguay; Thomas H. Cashmore, Wakefield, England; Aage E. Jensen, Holbaek, Denmark; Sir Stanley Spurling, Hamilton, Bermuda; Tomotake Teshima, Tokyo, Japan; Percy W. Turner, Charlottetown, P.E.I., Canada; Pierre Yvert, Amiens, France; and six Directors from the U.S.A.

In the formal convention addresses by the President of Mexico, Miguel Alemán; Rotary's President, Frank E. Spain of Birmingham, Alabama, U.S.A.; Dr. Alberto Lleras, Secretary-General of the Organization

of American States, and other official speakers, and in the informal discussion groups, emphasis was given to the many opportunities which Rotarians have in all parts of the world to work for the achievement of one of the principal Rotary goals—the advancement of international understanding.

Rotary's 44th annual convention will be held in Europe in May, 1953.

University At Tallahassee

Has Envisioned 42 Year Record

The Florida State University at Tallahassee is being featured this month on all district campuses of the Seaboard Air Line Railroad in its current series of sketches saluting the outstanding universities and colleges in its territory.

"First known as the 'Seminary West of Suwanee' with the name of the Florida Department and a 'Female Department,' this institution at Tallahassee has changed in name and status four times in the last 42 years to meet more adequately the educational needs of the young men and women of Florida," the Seaboard's tribute says.

It notes that the University today enrolls more than 6000 students, embraces 15 major colleges, schools and divisions, and has a campus of 1340 acres on which are 216 buildings.

"The Faculty of the Florida State University includes the names of some of the most distinguished men and women in the teaching profession, and it is a history of commitment that in the last 42 years there have been only two Presidents of the University," the sketch goes on to say.

"From 1909 to 1941, under the leadership of Dr. Edward Conradi, the institution became one of the outstanding colleges for women in the United States. From 1941 until the present day, under the administration of Dr. Doak S. Campbell, its excellent educational position has been maintained and extended, and the difficult transition to the present co-educational University has been accomplished."

It is expected that this tribute will be ready by thousands of Seaboard passengers during the month that it will be featured on the menus.

SMATHERS LETTER

(Continued from Page 1)

playing into the hands of the Communists; propagandists. General Ridgeway told us in forthright factual language what happened at the Kojima prison camp. Without offering an excuse, he recited the difficulty imposed upon our forces because of our strict adherence to international law for handling prisoners.

Our forces have on the island of Kojima more than 170,000 Communists. To guard these prisoners, only 3000 American boys were available.

The thousands of POW's in the Kojima prison are brutalized and starved and die of disease, the fear of death, and hunger. They are led with property of prisoners by clever communists.

"Let me see! Let me see!"

George Murphy is WPB Jr. College Graduate

George Murphy, son of Mr. and Mrs. W. N. Murphy of South Bay, is one of the 52 graduates who received diplomas at last Tuesday night's Commencement exercises of Palm Beach Junior College.

Marking the close of the college year, with the ending of semester examinations last Thursday, Baccalaureate Services at the Union Congregational Church last Sunday was the first of numerous events. A breakfast was given for the graduates Monday in the Lake Park Town High and Recognition Night program held in the College auditorium that evening at which time various achievements were presented.

A Reception, honoring the graduates and their families was held in the Student Lounge following the program. Dr. John L. Leonard, college president, presided at the Tuesday night Commencement exercises. The Hon. Russell O. Morrow, State Senator, delivered the address. Graduates were honored at a dance given by the student government immediately after the graduation exercises.

UNEMPLOYMENT TAXES

REFLECTED IN RECORD

Florida employers will save 20 million dollars in unemployment compensation taxes on wages paid during 1952, according to William U. Norwood, Jr., Division Director.

This is the estimated savings under the experience rating feature of the Florida Unemployment Compensation Law. On the basis of tax rates which have been assigned for 1952, employers will pay approximately \$9,300,000 in taxes. Without the experience rating method, the total would have been \$28,700,000.

About 75 per cent of the 13,578 employers liable for the payroll tax have been paying for a sufficient period to entitle them to consideration for a tax lower than the 2.7 per cent rate originally charged employers; of these, 8,996 were eligible for reduced rates and 9,122 were paying less than 2.7 per cent. There are 1,662 firms which will pay no state tax this year under the provisions of a 1951 law.

Motor vehicle taxes were the biggest item for the state last year, providing 40 per cent of all state tax revenue.

VETERANS INFORMATION

AND SERVICE

Determination of Dependency of Parents—Providing they can prove sufficient dependency, parents of a deceased veteran who were living with him at the time of his death may qualify for VA death compensation on the basis of the death of their son in Korea.

The surviving widow or minor child of a deceased veteran may qualify for death compensation solely on the basis of relationship and dependency does not enter the question of entitlement—but parents must prove dependency in order to qualify.

Dependency of a father or mother will be held to exist if the parent does not have sufficient income to provide reasonable maintenance for himself or herself and other members of the immediate family who are under legal age, or adult dependent members whose dependency arises from mental or physical incapacity. By administrative action, the VA now follows a general rule that one parent who has an income of \$80 monthly is not considered to be dependent—to state that same thing in a positive way, an individual parent must have less than \$80 monthly income to qualify as a dependent under this rule. Two parents must have a combined income of less than \$135 a month to qualify.

U. OF F. STUDENTS TO RECEIVE DEGREES

Mary Jean Byrom, daughter of Mr. and Mrs. Mills Byrom, who have returned to their home here for a few weeks stay, will receive her BSP degree at the University of Florida Commencement exercises which will be held June 8-9 at Florida Field.

Julian Ray Hutton, Pahokee, is also among the 992 University student degree applicants and

SOUTH BAY BEAN CITY LAKE HARBOR

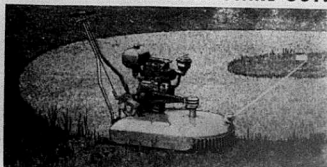

Mr. and Mrs. E. B. Rogers left the last of the week to spend the summer in Wilmington, Delaware.

Mrs. C. G. Payne returned Friday from Jacksonville, where she was called by the illness and death of a friend.

Mrs. Clayton Waters, Miss Peggy Hicks and Mrs. K. L. Lockmiller returned to Sanford Sunday to bring Mrs. Mary McCarron home after a visit with her brother, M. E. Selby.

Mrs. J. R. Littlefield of Miami and Miss Esther Haven of Tampa were the week end house guests of Mr. and Mrs. O'Neal Walker.

LOOK... NO HANDS!! CUTS BY ITSELF—JUST STAKE OUT!

SNAPPING TURTLE
THE SELF-PROPELLED ROTARY LAWN MOWER
Here is the lawn mower that cuts by itself, while you rest... just stake it out on your lawn. It has no wheels, but glides on traction rollers and skidpans. It's self-propelled. Fingertip start, stop and reverse. No pushing, just guide it, or stake it out. Climbs steep banks, cuts all kinds of grass, pulverizes clippings and mulches your lawn. No raking. Be sure to see this new idea in lawnmowers before you buy any more.

What's your Telephone worth?

When You Need Advice!
YOU WERE RIGHT ABOUT HIS FORMULA. MOTHER, HE'S DOING FINE TODAY!

WHEN TEARS and anxiety give way to gurgling health and happiness, you're grateful for that helpful word from Mother, that you got so quickly, so easily by telephone.

SUCH TELEPHONE convenience is within arm's reach of more Southerners today than ever before. It's more than doubled the number of Dixie's telephones in just the last 6 years!

IT'S A GOOD thing the South's telephone network has grown so fast. A good thing for our Armed Services... for defense industry... for homes, farms and business.

During 6 years of phenomenal demand for new telephones, 4,000,000 applications have been taken care of—more than 95% of all applications received.

BEST POSSIBLE SERVICE—LOWEST POSSIBLE COST

now stationed at North, vacated on former friends here Wednesday while visiting his brother, Attorney Ralph O. Johnson in Pahokee.

O'Neal Walker, Gordon Bowen, Berline Walker and H. L. Delaney attended the O'Neal-McCarthy debate in Miami Thursday evening.

SOUTH BAY GARDEN CLUB ENTERTAINS HUSBANDS

The South Bay Garden Club entertained their husbands and guests at a pot-luck fried chicken supper at the Legion Hall Friday evening.

The tables were decorated with bowls of red and white snapdragons and a bowl of multicolored mixed spring flowers arranged by Mrs. W. M. Jeffries.

Members and their husbands attending were Mr. and Mrs. Eric D. Hartline, Mr. and Mrs. Sam E. Henderson, Mr. and Mrs. H. B. Walker, Mr. and Mrs. J. G. Bowen, Mr. and Mrs. R. J. Peacock, Mr. and Mrs. Clifton Waters, Mr. and Mrs. C. J. Peacock, Mr. and Mrs. Mead Willis, Mr. and Mrs. W. M. Jeffries, Mr. and Mrs. K. L. Lockmiller, Mr. and Mrs. J. Smith, Mr. and Mrs. Ira M. Davis.

HOME COMING CLOSURE LAKE HARBOR REVIVAL SERVICES

The annual Homecoming of the Lake Harbor Baptist Church climaxed a week of revival services Sunday in an all day series of services with a basket dinner served on the grounds at noon. The guests of Mr. and Mrs. Sam E. Henderson, Mr. and Mrs. H. B. Walker, Mr. and Mrs. J. G. Bowen, Mr. and Mrs. R. J. Peacock, Mr. and Mrs. Clifton Waters, Mr. and Mrs. C. J. Peacock, Mr. and Mrs. Mead Willis, Mr. and Mrs. W. M. Jeffries, Mr. and Mrs. K. L. Lockmiller, Mr. and Mrs. J. Smith, Mr. and Mrs. Ira M. Davis.

Special sacred musical program was presented by Rev. and Mrs. H. R. Harline on their accordions and trombone accompanying Mrs. Nathan Bolton and Mrs. Marjorie McKinley in a vocal duet. The Clewiston singers also presented several numbers. Congregational singing completed the musical part of the program.

ATTEND ACHIEVEMENT DAY IN WEST PALM BEACH

Three of the South Bay 4-H Club attended the County Achievement Day in West Palm Beach Saturday. The South Bay 4-H Club took second place in the contest and second place in the hat contest.

Peckers Willis and Patricia Cato each took second place in the apron exhibit. Barbara Jean Willis won third place on her fourth year dress.

Mr. and Mrs. Q. A. Keene Celebrate Golden Anniversary

Mr. and Mrs. Q. A. Keene, formerly of Bare Beach, celebrated their Golden Wedding Anniversary Sunday at their home in Ostray.

A buffet dinner was served at noon for immediate relatives followed by Open House from 2 until 4 o'clock.

Fifty-one friends called during the afternoon to pay their respects.

The bride's table was laid with a lace cloth, centered with a three tiered wedding cake encircled with a ring of yellow daisies and topped with a miniature bride and groom.

Three granddaughters, Nellie and Mary Alice Dugger, and Norma Jean Lovell served the punch. Two daughters, Mrs. Jewell Lovell and Mrs. Viola Dugger served the cake.

All four of their children were present. A. R. Keene, his wife and son, Donald of Sarasota, Hollie Dugger her husband, Mr. J. Druggar and two children of Greens, Mrs. Jewell Lovell and daughter, Norma of South Bay, Mrs. Viola Dugger.

Other near relatives attending were Mr. and Mrs. Clifton Wilkins and son of Winter Haven, Mr. and Mrs. D. Wilkerson of Sarasota, Miss Hazel Wilkerson of Winter Haven, Mr. and Mrs. T. Lamb of Mango, Mrs. L. Lamb of Plant City.

Mr. and Mrs. Keene are both native Floridians. Miss Harriet Elizabeth Lamb and Q. A. Keene were married at Plant City on May 19, 1902. Her sister and brother-in-law, Mr. and Mrs. L. D. Wilkerson were also married 38 years on May 19. The Golden Wedding was celebrated on May 25 in order that all relatives might attend.

ed the Pahokee High School. They now have a home and a small poultry farm at Ostray.

DATeline FLORIDA

By Ed Fick

In a talk before the Air Pollution Symposium at Pasadena, California recently Henry B. duPont, a vice president of the duPont Company said: "We cannot, of course, expect that the air of Pike's Peak can ever be transplanted to downtown New York, any more than we could expect sunshine to be quite so bright anywhere else as in California." How about that? Will someone please tell Mr. duPont about Florida, where the sun REALLY shines?

Be careful when you breeze past other motorists going your way on the open highway... for more than 5,000 accidents a year are caused by drivers passing in 1951, says the Florida Highway Patrol. One of the worst of the passing breed is the speed demon who cuts in and out of a line of traffic to pass a school boy showing off to his girl friend.

Even telegrams are hard on Republicans in Florida. A wire from Tallahassee informed the Sarasota Herald-Tribune of contributions to candidates for congress. As it left Tallahassee, the telegram showed Mrs. Marjorie McKinley, wife of the Republican candidate, contributing to the campaign of her husband. But upon arrival in Sarasota, a line had been omitted and it showed Mrs. McKinley giving \$1,000 to Edward C. Flood, Democratic candidate. The list was printed in the Herald-Tribune the way and the paper was busy all morning expiating the unintended political trick played upon the Republicans.

Tragedy stalked the rails of Florida East Coast Railway near St. Augustine recently. Five precious carloads of those hard-to-get Irish potatoes were smashed when a freight train plowed into the rear of another train. Mashed potatoes of the raw variety resulted when the locomotive of the second train plowed through a carload of five cars of the lead train before being derailed.

The prying eyes of man once more invaded nature's underlayer privacy at that unusual Florida of Marine Studios, MarineLand, Florida. A photographer recorded the birth of a porpoise for the first time ever. Mama porpoise suddenly descended to the bottom of the pool and, in labor, began swimming only enough to breathe, rising to the surface every half minute, while zoologists and photographers watched in awe. Mama porpoise and offspring are doing nicely.

Five lovely ladies just completed a whirlwind tour of the Sunshine State as guests of the State Department... to see for themselves just what Florida consists of. Those five girls will soon be the first persons to greet motorists when they take the Florida bound. Headed by Miss Shirley Rodgers, director of the information service of the highway department, the girls will provide the new information booths located at state lines on federal highways leading into Florida.

Peter Schaaf, popular and able p.r. man of Silver Springs, has been elected to his fourth term as president of the Florida Attractions Association. Pete, who has been responsible for all those highway signs plugging the Springs plus other outstanding attractions throughout the state, recently received an award from the Florida Public Relations Association for the unusual job he has done for Florida and Silver Springs.

Florida can boast to the world concerning the feat of one of her sons... J. J. (Papa) Hall, one of the greatest athletes ever to call the Sunshine State his own. Hall, who is expected to be in top form this summer for the Olympic games in Helsinki, can also score his share of touchdowns on the gridiron. The University of Florida and the entire peninsula can be proud of the feats of Papa Hall on the gridiron and in the sawdust pit.

Norton Gallery Announces Summer Schedule Activities

The Norton Gallery and School of Art has planned a well-balanced summer schedule of art activities for its members and for the general public during the next few months. Reginald Poland, director stated recently. The Norton School of Art will offer special summer courses through August 15th. Classes will include still life painting in oil under the instruction of Eric Lundgren; life

drawing and painting, James Mallory Wilson, instructor; and water color painting, taught by Walter B. Colebrook. Also, the children's art classes, under the direction of Mr. Lundgren, will be continued through the summer months. Classes are in session now, meeting morning, afternoon, and evening, and students may enroll at any time. Further information may be obtained by calling Miss Helen W. Burgess at the school office.

In addition to the regular art lessons, the Studio Night series for Palm Beach Art League members and their guests, which proved so popular during the past seasons, will meet again this summer. These informal sketch nights held at the Gallery. A model is always provided for those wishing to sketch or paint.

The special exhibition program, too, has begun its summer schedule, with a group of paintings currently on view in the main office by the Spanish artists, Ramon de Zubiaurre and Jose Garcia, and several examples of work by Alfredo Ramos Martinez, Mexican born artist, who died in 1946. The next exhibit to go on view in galleries 8 and 9 will be from the permanent collection of the Fine Arts Department of International Business Machines Corporation. It consists of 25 water colors by Henry Glasser, twice prize-winner in the Palm Beach Art League's members' exhibition in March, and is en-

titled "Basic Training." This exhibit will be on display the month of June.

The Gallery's own permanent collection of paintings, sculpture, and Chinese art will be open throughout the summer, and the public is cordially in-

vised to visit these collections free of charge. Gallery hours are 10-5 Tuesday through Saturday, and 1:30-5:30 Sunday.

Three out of four motor vehicles involved in 1951 accidents were passenger cars.

industry said recently.

In a press conference held at Jacksonville, William H. Quay, chairman of the Executive Committee of the Florida Petroleum Industries Committee, said his committee has received many inquiries about its position on toll roads. These inquiries resulted from discussion of the proposed Jacksonville to Miami toll turnpike, he explained.

Prompted by this public interest in toll roads, his committee "made an exhaustive and objective study of the entire subject," he said. "We started with no prejudices for or against toll roads. We wound up with the conviction that individual circumstances governing the feasibility of any toll road project from this conviction we have developed a general policy, which we recommend to the people of Florida and their public officials."

He said that a "cardinal point of sound toll road legislation is to require separate legislative consideration of every toll road proposal. No governmental agency should have the power to build toll roads on its own initiative. Such traffic responsibility should be entrusted only to our elected representatives in the legislature."

The state petroleum industries committee emphasized that any toll road legislation should "contain specific provisions to guarantee the operation of private competitive enterprise for all commercial establishments serving traffic on the route. Such protection can be granted without in any way hampering management of the toll road, the free flow of traffic or the scenic attractions of the route."

Mr. Quay said that Florida owes its taxpaying businessmen the right to participate in the trade opportunities of any toll roads it builds. There should be no exclusive franchise that would give one company or person the sole right to do business along a toll turnpike and deny this right to all others.

The highway financing policies of the state "are an important factor in considering the case for or against a toll road," Mr. Quay noted. He pointed out that Florida is now diverting about \$20,000,000 a year of its highway user tax revenues to non-highway purposes.

He said that "a genuine traffic need should be the first test for any proposed toll road to pass. Also, a toll project should be of a type that could not be financed by other means. It should provide a substantial increase of motor travel. It should add materially to the convenience of the motoring public. Otherwise, it would not be justified and will not pay."

Mr. Quay said that such a project should be considered by the state legislature on the basis of its individual merits, the Florida Petroleum Industries Committee, a group representing all phases of the industry said recently.

NEGRO NEWS
Everglades Vocational High
Award From Governor
Earlene King, member of the 11th grade class of Everglades Vocational High School, received an award in Tallahassee, Florida, upon winning fourth place in the state-wide writing contest on the subject "Employ the Handicapped for National Security." The winners in the contest were introduced to Governor Fuller Warren by State Superintendent of Schools, Mr. Thomas Bailey. Mr. Warren presented awards to each of the winners, who were accompanied by their parents. Miss King was the only Negro in the group to win an award in this essay contest, which was sponsored by the Veterans of Foreign Wars. We had highly honored to have Miss King make such a fine representation for our school, and we are also very grateful to her for her efforts and interest in the contest. We also wish to acknowledge our sincere thanks to Mrs. O. S. Bailey for her assistance in giving Miss King the guidance and compiling materials.

SINCLAIR TIPS
"He says, gottun swell lines."

CHILD LABOR LAW IS EXPLAINED
Many Florida teen-age boys and girls will soon leave school and take "vacation" jobs to earn money for purposes of assisting the family, or personal gain. Some work experience should be a part of every child's education. The job chosen, however, should be one that points in the direction of the child's future. The safety of the individual boy or girl should be taken into consideration. The minimum age of 16 is required for hazardous occupations. These include jobs in or about plants housing or manufacturing explosives, jobs in mines, motor vehicle driver and helper, logging and saw mill work, occupations involving the operation of power driven wood-working machines, elevator operation and other power driven hoisting operations, and/or jobs in or about slaughtering and meat packing plants.

Chrysler's First Quarter Registrations Show Gain

Complete registration figures for the first quarter of 1952, compiled by R. L. Polk and Company for all 48 states and the District of Columbia, attest the growing popularity of Chrysler cars equipped with the First Design V-8 engine. In the field designated by R. L. Polk as Group 4, covering the higher priced cars, Chrysler showed a gain of 89 per cent over the corresponding quarter of 1951.

Only one other make of car in this group, one whose production is considerably less than that of Chrysler eights, showed gain in all and this for four per cent. The three other makes in the group showed losses of 33, 51 and 77 per cent, respectively.

The tremendous gain registered for Chrysler is all the more remarkable when considered in the light of the fact that the industry as a whole showed a loss of approximately 35 per cent in the first quarter of this year as against the corresponding quarter of 1951.

In this connection, it is noted that in the month of April, 1952, 61 per cent of Chrysler's factory shipments were cars powered by the V-8 engine.

Bring YOUR Ford Tractor "HOME"
FOR QUALITY SERVICE, GENUINE PARTS!
From radiator to drawbar, we know every nut and bolt on your Ford Tractor and it takes intimate knowledge like this to make sure that your tractor is properly serviced. Only a Ford Tractor dealer can have the latest factory information and procedures at his fingertips. That's why we are specially qualified to service your Ford Tractor and Dearborn Implements.

St. John's First Baptist Church

Rev. Estelle M. Conner, Pastor

Sunday School opened at 9:30 a. m. Supt. Shelly Pouncey was at his post. Subject of the lesson was, "God's Estimate of the Human Life." The lesson was beautifully taught by each teacher. Missionary Carwell Chaired the lesson.

Morning worship began at 11 a. m. Choir No. 1 rendered song service. Following the consecration hymn, Missionary Carwell gave forward an
